2. HAZARDS IDENTIFICATION

Classification

This chemical does not meet the hazardous criteria set forth by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.122). However, this Safety Data Sheet (SDS) contains valuable information critical to the safe handling and proper use of this product. This SDS should be retained and available for employees and other users of this product.

Hazards not otherwise classified (HNOC) Not applicable.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Appearance Transparent light pink liquid

Physical State Liquid

Odor Fresh odor

In the concentrations in this formulation, the ingredients listed below are considered to be non-hazardous according to OSHA 1910.1200:

water (CAS# 7732-18-5), didecyl dimethyl ammonium chloride (CAS# 7173-51-5), alkyl dimethyl benzyl ammonium chloride (CAS# 68391-01-5), trace colorant added.

Chemical Nature

Sanitizers contain active agents to kill bacteria and viruses on contact. Even though they are not listed by OSHA et. al. as hazardous materials, safe handling procedures and common sense should be used in their use and handling.

4. FIRST AID MEASURES

First aid measures

Eye Contact

Flush with plenty of water. After initial flushing, remove any contact lenses, if present, and continue flushing for at least 15 minutes. Call doctor for treatment advice.

Skin (or hair) Contact

Take off contaminated clothing. Wash skin with soap and water. Wash contaminated clothing before reuse. If skin irritation persists, call a physician.

Inhalation

Remove to fresh air.

Ingestion

Do not induce vomiting. Drink plenty of water. Immediately call doctor for treatment advice.

Most important symptoms and effects, both acute and delayed

Symptoms

Harmful if ingested in large quantities. Small, unit dose pouch size would require the ingestion of multiple pouches to reach the dangerous level. Contact may cause irritation and redness. If misted in concentrated form, which is improper use, can cause mild irritation to throat and respiratory tract.

Indication of any immediate medical attention and special treatment needed

Note to physicians

Treat symptomatically.

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media	Dry chemical, CO ₂ or water spray.
Unsuitable Extinguishing Media	Not determined.
Specific hazards arising from the chemical	None known.
Protective equipment and precautions for firefighters	As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES**Personal precautions, protective equipment and emergency procedures**

Personal precautions Use personal protective equipment as described in Section 8 of this Safety Data Sheet.

Environmental precautions See Section 12 of this Safety Data Sheet for additional ecological information.

Methods and material for containment and cleaning up

Methods for containment Concentrated materials are packed in unit-dosed pouches limiting any spills to very small quantities.

Methods for cleaning up Paper toweling or mopping is usually sufficient.

7. HANDLING AND STORAGE**Precautions for safe handling**

Advice on safe handling Foods contaminated by sanitizers should be discarded. Avoid contact with skin, eyes or clothing. Keep out of reach of children.

Conditions for safe storage, including any incompatibilities

Storage conditions Keep containers closed in a dry, cool and well-ventilated place. Do not store near heat or open flame.

Incompatible materials Strong oxidizing agents and reducing agents.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION**Exposure Guidelines****Appropriate engineering controls**

Engineering Controls None known.

Individual protection measures, such as personal protective equipment

Eye/face protection Not normally necessary in general use. Wear safety glasses where a splash hazard exists.

Skin and body protection Not normally necessary in general use. Concentrate is diluted into bottle, bucket or sink.

Respiratory protection Provide adequate ventilation.

General Hygiene Considerations Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Discard food contaminated with sanitizer.
